July 31, 2018

Mr. Tatsuo Yasunaga,
President and Chief Executive Officer,
Mitsui & Co., Ltd.

Mitsubishi Yagihara
Representative Director
Deloitte Tohmatsu Sustainability Co., Ltd.
3-3-1, Marunouchi, Chiyoda-ku, Tokyo

We have undertaken a limited assurance engagement of the sustainability information indicated with “●” for the year ended March 31, 2018 (“Properties of Fixed Plant and Machinery” and “Properties of Operating and Non Operating Offsites”) as of July 31, 2018 (the “Sustainability Information”) published in the “Sustainability Report 2018” and “Data of Personal Affairs” and “Environmental Data” created for the Company’s webpage of Mitsui & Co., Ltd. (the “Company”).

The Company is responsible for the representation of the Sustainability Information in accordance with the calculation and reporting standard applied for the Company’s Sustainability Information.

We have undertaken the limited assurance engagement with respect to the Sustainability Information with the purpose of providing reasonable assurance as to whether the Sustainability Information is presented fairly with reference to the calculation and reporting standard adopted by the Company.

Based on the procedures we have performed and the evidence we have obtained, nothing has come to our attention that causes us to believe that the Company’s Sustainability Information is not prepared in all material respects in accordance with the calculation and reporting standard adopted by the Company.

We have complied with the independence and other ethical requirements of the Code of Ethics for Professional Accountants issued by the International Ethics Standards Board for Accountants, which is founded on fundamental principles of integrity, objectivity, professional competence and due care, confidentiality and professional behavior.

The procedures we performed were based on our professional judgment and included inquiries, observation of processes performed, inspection of documents, analytical procedures, evaluating the appropriateness of quantification and reporting standard adopted by the Company.

Our responsibility is to express a limited assurance conclusion on the Sustainability Information based on the procedures we have performed and the evidence we have obtained.

We are not responsible for the preparation of the Sustainability Information or for maintaining the underlying database.

Our limited assurance engagement was conducted in accordance with the following:

- International Standard on Assurance Engagements
- "Suitability of the Use of a Specification of a Procedure of Greenhouse Gas Statements, and Other Assurance and Related Services Engagements, and accordingly maintain a comprehensive system of quality control including documented policies and procedures regarding compliance with ethical requirements, professional standards and applicable legal and regulatory requirements.

Our Responsibility

In expressing a limited assurance conclusion, we have considered the following:

1. Whether the Company’s methods for estimates are appropriate and had been consistently applied.
2. Whether the Sustainability Information is fair and in accordance with the calculation and reporting standard adopted by the Company.
3. Whether the Company’s sustainability information is prepared in all material respects.

We have not performed any procedures designed to determine whether the Sustainability Information contains any errors.

We have not performed any procedures designed to determine whether the Sustainability Information contains any errors.

This limited assurance engagement was conducted in accordance with the provisions of the International Standard on Assurance Engagements issued by the International Auditing and Assurance Standards Board (IAASB) and the Practical Guideline for the Assurance of Sustainability Information.

Deloitte Tohmatsu Sustainability Co., Ltd.
